Regarding 3009 Vulcan Quarry

Where Are We Now and What's Next?

- TCEQ is currently in the process of reviewing and responding to all verbal and written comments that were submitted on or before February 27, 2018.
- TCEQ Executive Director (ED) will consider all public comments and issue a Response to Comments (RTC) along with a decision on Vulcan's permit (Notice of Application and Preliminary Decision (NAPD) and Intent to Obtain Permit.
- Responses to written comments and a TCEQ decision are anticipated summer of 2018.
- Upon issuance of NAPD, the applicant (Vulcan) must post in local newspaper and everyone who filed comment online and/or spoke at public meeting will receive copy of RTC and NAPD in the mail.
- The NAPD will provide an option for a "hearing request" or Contested Case Hearing.
- The public has 30 days to file a request for a Contested Case Hearing and submit comments to be named as an "Affected Person".

Key Terms:

Contested Case Hearing: A request based on issues that were raised by the hearing requester during the comment period, in comments that were not withdrawn later. To help the TCEQ determine the number and scope of issues to be referred to a hearing, the requester should, to the extent possible, specify any of the ED's responses to comments that the requester disputes (and the factual basis of the dispute, and list any disputed issues of law)

Affected Person as an Individual: Rule 55.103 and 55.203

Affected person--A person who has a personal justiciable interest related to a legal right, duty, privilege, power, or economic interest affected by the application. An interest common to members of the public does not qualify as a personal justiciable interest.

(1). Give the name, address, and daytime telephone number of the person who files the request.

(2) The determination of whether a person is affected shall be governed by §55.203 of this title (relating to Determination of Affected Person). In determining whether a person is an affected person, all factors shall be considered, including, but not limited to, the following:

- a. whether the interest claimed is one protected by the law under which the application will be considered;
- b. distance restrictions or other limitations imposed by law on the affected interest;
- c. whether a reasonable relationship exists between the interest claimed and the activity regulated;
- d. likely impact of the regulated activity on the health and safety of the person, and on the use of property of the person;
- e. likely impact of the regulated activity on use of the impacted natural resource by the person;
- f. for a hearing request on an application filed on or after September 1, 2015, whether the requestor timely submitted comments on the application that were not withdrawn.
