

Dear Friend,

Preserve Our Hill County Environment (PHCE) Foundation DBA Stop 3009 Vulcan Quarry is a group of concerned citizens dedicated to protecting the Hill Country's precious resources. Our current focus is to prevent the Texas Commission on Environmental Quality (TCEQ) from allowing Vulcan Construction Materials LLC to helicopter in a portable rock crusher on 1,500 acres of pristine ranch land that is adjacent to over 12,000 citizens, some of whom have serious respiratory and other health issues.

We are hosting our [Bluebonnet Extravaganza fundraising dinner and auction](#) April 2, 2022, at the beautiful Knibbe Ranch in Spring Branch. This evening is dedicated to not only raising funds for legal fees but also to raise awareness about the negative long-term effects of open-pit aggregate mining. You will be updated on the tremendous amount of progress our volunteers have made over the last five years despite heavy opposition from a well-funded global entity. Great strides have been made delaying operational start-up of the quarry by pushing it to the civil court system which is why we are asking for your help.

We hope you will join us and support our effort by donating items such as:

- A financial contribution
- Tiered Sponsorship (see attached)
- Services such as:
 - DJ/band
 - Catering
 - Decorations
- Auction items such as:
 - Gift certificates
 - Food/Spirits packages
 - Entertainment packages
 - Vendor packages (promote your business!!)
 - Vacation getaways
 - Sporting goods
 - Golf/Hunting/Fishing packages

Someone from our organization would be happy to visit with you and collect your donation or you can use the enclosed envelope and return it to us. Please make your donation no later than **March 4, 2022** and note that we reserve the right to bundle complimentary items for auction to maximize proceeds.

Please contact stop3009vulcanquarry@gmail.com if you have questions or would like to speak with a member of our group.

Thank you for your consideration and love of our precious Hill Country!

Kindest regards,

Milann Guckian
